

Can I Join ROTARY?

Rotary Club members are part of a diverse group of men and women working to address various local community and international service needs. Through community service and other means, Rotary Club members help promote peace and understanding throughout the world. Our members are our most important asset. They are the force that allows Rotary to carry out its many humanitarian efforts and achieve its overall mission.

Essentially, membership is simple.

You need to be a person of good character and standing, with a willingness to give something back to your community. Be prepared to have fun along the way and meet a whole new circle of friends.

Our membership include members from all Facets of industry, the military, public servants, employees in the private sector, self employed and retirees.

You need to be willing to commit yourself, mostly in terms of some time towards service and fellowship.

This is further explained at a dinner meeting.

It is difficult, in a few words here, to explain why people join Rotary.

The standard cliches often apply, including:

"I gain far more from being a member, than I contribute."

Membership of all Rotary Clubs is by invitation. It is not necessary that you know a member of our club. Our club expects anyone who is considering becoming a member to attend several dinner meetings before the club will extend an invitation to become a member.

The members look forward to your possible involvement, and are only more than happy to discuss with you what we do, why we do it, and how.

Either speak to one of our members at Willow's Rotary Markets on Sunday, fax this form to 4723 9440, phone Steve on 0437 726 688 or Caroline on 4723 1666
